### MEDIA INFORMATION

**WORKING PRESS:** You must have a BGSU Press Pass to be admitted to the Press Box. Request credentials through the sports information office. Western Union transmission is not available. However, ample telephones have been installed to handle normal traffic.

**RADIO:** Bowling Green has 10 radio booths. Each booth can accommodate four men. Permission to broadcast will be made only after proper application is filled out and broadcast fee is paid. Address requests to the sports information office.

**PHOTOS:** Movies are taken by Bowling Green and its opponents on the second floor. Still photographers are also allowed to operate on the second-floor photo deck as well as on the field. A press pass is required for both areas. Request credentials from the sports information office.

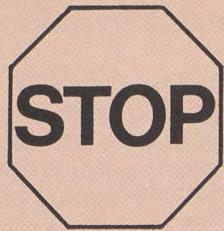

**SCOUTS:** Both college scouts and professional scouts are welcomed in the press box. Pro scouts may enjoy all press box services at the cost of a \$5 game ticket which will be marked Press and enable the buyer to sit either in the stands or in the Press Box. College scouts should limit their needs to two men. Request credentials from the sports information office.

**PARKING:** Parking is available to media men who have obtained a parking pass by writing for credentials well in advance of the game. The lot is directly north of the stadium and admission is by Parking Pass only.

### FALL PRACTICE

Physicals will be taken and equipment issued on Thursday morning, Aug. 26. Publicity pictures will be taken Monday, Aug. 30. The Falcons will practice for three days starting Friday without pads. Full gear will be worn on Tuesday, Aug. 31. Double sessions will be used with times set at 9:00 a.m. and 3:15 p.m.

The biggest complaint that the media has about press guides is that they have a lot of information that can't be used because it takes too long to find it in the first place. We think we may have solved that problem. And then maybe we haven't. But first, please give this book a chance before you call the SID and ask him what otherwise is already available in the book.

What we have done is throw out that old table of contents which half the time is done by consecutive

pages or just useless sections. We have replaced it with a combination DIRECTORY-INDEX-CONTENTS first section of the brochure which should tell you where to find the information if it doesn't appear under an alphabetical listing.

In other words, the next series of pages could be called "The Falcon Yellow Pages." By use of an alphabetical listing, we have tried to catalog all of the information contained in this book. All we ask is first let your fingers do the walking . . . in the FALCON PAGES . . . and then call the SID if you can't find what you need in 60 seconds.

P. S. The usual stuff still stands: For additional information or specific requests, please contact: Bob Moyers, Sports Information Director, 203 BGSU Stadium, Bowling Green State University, Bowling Green, Ohio 43403. Area Code (419), 372-2408 (office), 352-6397 (home). Greg Plant and Jim Schneider, student assistants, 372-2408.

## FALCON "ORANGE" PAGES

**ABC**—The American Broadcasting Company and the NCAA will again feature the Mid-American Conference on regional television during the 1971 season. For the third time in the last four years, the game televised will be the KENT STATE VS. OHIO UNIVERSITY game at Athens on Sept. 25. Bowling Green will not appear on the 1971 television series.

**ACADEMIC ALL-AMERICA**—The team has been selected each year by the College Sports Information Directors of America since 1952. To qualify, players must maintain at least a B average the two previous semesters. Bowling Green's Laurie Kelly was named to the third team in 1969-70. The Falcons have not been represented on the first or second teams.

**ACADEMIC ALL-MID-AMERICAN CONFERENCE**—The MAC faculty representatives have selected an all-league academic team in football since 1965. Bowling Green's selections include the following players:

1970	Laurie Kelly, S	1967	Ernest George, T
	Don Plusquellic, QB		James Perry, B
1969	Laurie Kelly, S	1966	Frank Harpold, T
1968	Al Silva, G		Heath Wingate, C
	Laurie Kelly, S	1965	Jim Perry, B
			Heath Wingate, C

**ALL-AMERICANS**—All-Time (Page 50); 1970 (Page 27).

**"ALL" CANDIDATES**—Bowling Green's candidates for national and all-league honors are pictured in posed action pictures to introduce various sections of this book along with the tri-captains. Pictured are fullback Jerry Fields (Page 9), defensive tackle Larran Meador (Page 9), quarterback Don Plusquellic (Page 9), defensive end Bill Montrie (Page 4), wing-back Bill Pittman (Page 13), tailback Paul Miles (Page 27), center Dennis Maupin (Page 43), and linebacker Rich Duetemeyer (Page 55).

**ALUMNI**—Bowling Green's new executive director of alumni is Jim Lessig, former BG director of athletic promotion and more recently assistant coach of the Cleveland Cavaliers. The associate director of alumni is Fred Hansen. Several alumni gatherings at Falcon away games are being planned for 1971. Tentative plans include a pre-game event for the U-Tex.—Arlington game on Nov. 6 and a post-game gathering for the Dayton game on Nov. 20. For additional information, call the Alumni House, 372-2186. P.S. The Alumni House will also be open before all Falcon home games.

**ALPHA TAU OMEGA VICTORY BELL**—The Alpha Tau Omega Victory Bell, "Old Alpha" is one of the lasting traditions in BG football. The bell has been rung by ATO members following every Falcon touchdown and conversion since the opening game of the 1961 season. In 10 seasons, the bell has traveled over 36,000 miles including last year's trip to Utah State which resulted in "Old Alpha" falling over a cliff on the return home. Although a substitute "Bobby Alpha" had to be acquired from the Weston fire department, the tradition was continued. And this fall "Old Alpha" will be back.

**ANSWERS**—Coach Don Nehlen supplied some quotable answers to questions about the 1971 team (Page 11).

**ASTROTURF**—The Falcons will play on Astroturf for the first time this fall against Marshall on Oct. 30. The only artificial surface available at BG is the Tartan running track and the Astroturf golf tees on the University driving range.

**ATHLETICS COMMITTEE**—The purpose of the University Athletics Committee is to provide for intercollegiate competition in wholesome approved sports for men students. The committee will be composed of the following members for 1971-72:

He will be in his 18th season as clock operator this fall. Not bad for the chairman of the School of Art.

**DAD'S DAY**—A special climax to a special, traditional week at Bowling Green will be the Xavier game on Nov. 13. The ceremonies will include a big band show, entertainment, and more with special recognition going to the fathers of Falcon football players. The Falcons also usually win. As usual, special tickets are available. These \$4 general admission tickets permit parents and friends to sit with their BG students in the west side student section for this day only. For additional information, contact Jim Krone, director of tickets and promotion (372-2401).

The tradition of Dad's Day was initiated at Bowling Green in 1947 by the Alpha Tau Omega Fraternity on a permanent basis after the "original" Dad's Day was started in 1942 only to be abandoned during World War II. In that 1947 game, BG defeated Iowa State, 19-7. Other recent Dad's Day scores include:

**DEPTH CHARTS**—Offense (Page 31); Defense (Page 31).

Falcon Cheerleaders . . .

**ENROLLMENT**—Estimated 15,000 for fall, 1971; 960 men; 940 women.

**EQUIPMENT**—Glenn Sharp, equipment manager (sketch Page 43); Don Woods, assistant equipment manager; (see also uniforms).

**ERRORS**—Mistakes in this brochure caused by humans and not corrected by a dumbb, tipesetting machine.

**EXPERIENCE CHART**—Lettermen returning, etc. (Page 11).

**FACILITIES**—Bowling Green's Athletic Facilities rank with the best in the nation. They include: PERRY FIELD, the second largest football stadium in the MAC which could be expanded from a 23,272 capacity to over 60,000; ANDERSON ARENA seats 5,600 for basketball games; ICE ARENA is a \$1.8 million dollar jewel in a crown of athletic gems which has been termed "the finest facility of its type on a college campus;" WHITTAKER TRACK & FIELD is a nine-lane, quarter-mile oval with a non-skid, all-weather plastic surface called Tartan; STELLER FIELD is baseball's home which is recognized as the finest facility in the MAC; GOLF COURSE is a nine-hole layout measuring 3,577 yards. Coordinator of fields and facilities is Dale Herbert, assistant athletic director (372-2401). His administrative assistant is Ken Schoeni (372-2401).

**FACT LINE**—Have a question about BG? Call Campus Fact Line (372-2445).

**FACULTY**—Listing of department chairmen, etc. (Page 62).

**FACULTY REPRESENTATIVE**—Dr. Carl W. Hallberg (sketch Page 63), professor of biology, will represent Bowling Green as faculty representative to the Mid-American Conference for the first time in the 1971-72 year.

For the past 10 years, DR. KENNETH H. McFALL, vice president at Bowling Green has spent many and sometimes unappreciated hours as faculty representative to the MAC. BG's intercollegiate athletic department is very thankful and appreciative of the time and effort that Dr. McFall devoted to his position. If they ever create an ex-officio title for MAC reps, Bowling Green's Ken McFall would certainly receive the highest consideration.

**FALCON CLUB**—The Falcon Club is an organization of Falcon fans who through their financial support and interest help perpetuate BG's winning athletic tradi-

tion. The club's objectives are (1) to encourage young men with academic, athletic and leadership abilities to attend the University; (2) to assist in bringing these students to the campus; (3) to contribute to the athletic grant-in-aid program; (4) to promote BG athletic teams and athletes whenever and wherever the opportunity arises. Falcon Club gifts in 1970-71 totaled \$14,857.50. This year's challenge is \$35,000. For additional information, contact Jim Krone (372-2401) at The Falcon Club, 205 Stadium, BGSU, Bowling Green, Ohio 43403.

**FALCONER**—Bowling Green's live "Falcon" mascots are trained to perform at athletic events by interested students. This year's Falconer is Bill Achbach, New Carlisle senior. The University's four live mascots include three trained hawks and an albino red-tailed hawk presented to the school in 1970 by John Blakeman, a 1970 graduate and founder of the falconry program.

**FALCONS**—Ivan Lake, '23, managing editor of the Bowling Green Sentinel-Tribune with duties as sports editor, suggested the name in 1927 after reading an article on falconry. Before his idea, BG athletic teams were called the Normals or Teachers. He liked the name because it fit headline space for sports writers and the Falcon was "the most powerful bird for its size and it often attacked birds two or three times its size."

**FELLOWSHIP OF CHRISTIAN ATHLETES**—An FCA chapter was formed in 1970 at Bowling Green. One of the student leaders is Mike Larson, offensive guard (Page 21) from Dayton, Ohio. Faculty advisor is Jim Ruehl (372-2401), assistant football coach.

**FILMS**—Bowling Green's official game films are under the direction of Bill Baxter, assistant professor of biology, and Ernie Hamilton, associate professor of biology. Assisting them are students from the audio-visual center on campus.

**FREDDY FALCON**—Bowling Green's famous mascot was senior Bob Parr of Cuyahoga Falls, Ohio, in 1970-71. This year's "Freddy" will assume his duties in the fall. Officially, he's obligated to go to all the football and basketball games, home and away. His identity is a secret until the final home basketball game. Hockey games aren't included in the FF schedule unless FF wants to be there. FF also made his first appearance at a wrestling match and swim meet in 1970-71.

 Dave Finley, Dover, Ohio, who was an all-MAC guard at Bowling Green in 1970.  
 Jim Hodakiewicz, Warren, Ohio, linecoach at Warren Western Reserve H.S. in 1970 and a former tight end for BG in 1969.

The six leading scorers are back headed by sophomores Gerry Bradbury and Mike Bartley and junior Gord McCosh. For information, contact Coach Jack Vivian (372-2964).

The Falcons own a 29-11-9 record in Homecoming football games. Coach Don Nehlen has a perfect 3-0 record before the alumni, including a 3-0 win over Miami in 1969 in only the first Homecoming game between the two rivals.

**HOT DOGS**—Yes, Woolford, we have them in the press box.

**HOT LINE**—Each day during the 1971 season, the Bowling Green sports information office will make available a three-minute tape-recorded phone interview with head coach Don Nehlen and other members of the athletic staff. Latest ticket information will also be available as a part of Instant Sports. The number to call is 372-BGSU. This has been verified and is not the number of a sorority house such as the one which was published by mistake last fall.

**ICE ARENA**—Terry Flannigan, director (372-2264), see facilities.

**INTRAMURALS**—Almost 30 sports are offered and that keeps director Maurice Sandy (372-2876) busy.

## 1971—THE YEAR OF THE SOPHOMORE

Fields Power

The exciting and intriguing spell cast by the fear of the unknown hovers over the Bowling Green State University football team in 1971.

MAC observers whisper "sophomores" in reverent tones when BG football prospects are assessed and Falcon boss Don Nehlen admits he has a few horses running around waiting for their first taste of varsity competition.

"Anytime you play sophomores, your team becomes an unknown quantity in any analysis. With possibly 10 or more sophomores in our starting lineup this fall, we may be the unknown of the unknowns," Nehlen said.

Experience will not be the long suit worn by the Falcons in 1971 as BG launches a "comeback" season after owning a 2-6-1 chart in 1970, a record certainly out of character after 15 straight winning seasons and the rank of the MAC's best won-lost team for the 1960's.

Returning lettermen stand at 15 with only seven starters returning to the same positions in 1971. Heading the list of returnees are wingback Bill Pittman, defensive end Bill Montrie and defensive tackle Larran Meador.

Pittman, a 162-pound junior, led BG in three departments. He caught 21 passes for 235 yards, returned 18 punts for 178 yards and handled 22 kickoffs for 532 yards. He ranked first in the MAC and 23rd in the nation in kickoff returns.

Montrie and Meador are the two returning starters on the defensive forward wall which helped the Falcons rank 14th in the nation in total defense. Montrie ranked fourth in defensive statistics with 83 tackles and Meador was fifth with 81.

Nehlen moved two veterans to new positions this spring to shore up a defensive unit which lost seven starters, including Phil Villapiano, the MAC co-defensive player of the year. Julius Livas, last year's leading rusher at tailback, is the new monsterback in the secondary and Rich Duetemeyer, a starter at middle guard, has moved to linebacker.

Still to be settled is the starting quarterback job which will go to senior Don Plusquellic, last year's relief pitcher, or sophomores Joe Babics and Reid Lampert the one-two punch from the undefeated freshman team.

After a disappointing junior year, 223-pound fullback Jerry Fields appears headed for his best season after a fine spring. But the whispers of the unknown in the Falcons' running game center on soph Paul Miles, a 190-pound tailback who averaged 7.2 yards a try for the freshman. Miles also runs a 9.9 century and gained over 100 yards in all four spring scrimmages.

Other sophomore unknowns with excellent potential include split end Rick Newman, tight end Greg Meczka, guard Bob Martin, wingback Tony Bell, tight end Brian Cross, linebacker John Villapiano and defensive halfback Myron Wilson.

Nehlen knows Bowling Green will be a good football team. But he doesn't know when. Only the sophomores know for sure. And they aren't talking.

### Q & A - DON NEHLEN

**Q. Your 1970 team was 2-6-1 for BG's first losing season in 16 years. What was your evaluation of the season?**

A. "We lacked the skill at the skilled positions to come up with the big play. We were picked high because of our quarterback. He had injury problems and we couldn't replace our top two receivers from 1969. However, we weren't as bad as the record makes us look. Our games with Miami and Toledo attest to that. But by our last game, we were pretty, pretty average."

**Q. How are you fixed for lettermen and returning starters?**

A. "We have fewer lettermen and fewer starters returning than anyone in the league. On paper, we could be in big trouble from an experience standpoint."

**Q. There's been a lot of talk about last year's undefeated freshman team. How do you rate your sophomores after watching them in spring practice?**

A. "Our sophomores have fairly good size, better than average quickness and skill at the skilled positions. Baring injuries, if they continue to improve as they did this spring, we could have a good football team. At least eight of them will start. And it could be more. Paul Miles in my eyes can be a mighty fine running back. We're hoping he's as good as any of them as a sophomore."

**Q. Last year's team put only 118 points on the scoreboard. This spring you emphasized the running game. How does the backfield situation look to you?**

A. "Even though we are young and inexperienced, we should be stronger. Our backs this season have quickness. Jerry Fields is being pushed to the point where he is now a bonified fullback. I know our tailback is better because I know who he is. Even Bill Pittman, a fine wingback, will be pushed by Tony Bell. Once we solve the quarterback situation, we will be OK."

**Q. Let's play the who and what game. Who are the receivers and what's the quarterback situation?**

A. "A real battle is on at our receiving spots. Sophomore Roger Wallace came up with a good spring and will team with Rick Newman and good hands Mark Pillar at split end. Tony Bell, who runs 4.5 for the 40, will spell Billy Pittman at wingback. Greg Meczka and Brian Cross have so much potential at tight end that we may use them both in certain situations.

"Our quarterback spot is a problem. We did not find our starting quarterback this spring. We will have to make the decision in 10 days this fall. All three are capable and I hope one will emerge on his own. On the basis of his play in the spring game, sophomore Joe Babics will open fall drills on the first unit."

**Q. How about the offensive line? It looks young and inexperienced on paper.**

A. "That's the way it is on the field. The kids worked hard this spring under new coach Rey Dempsey. We certainly are big enough. And they want to get the job done. However, critical injuries to the guard positions hurt our progress this spring. We have to get leadership from Dennis Maupin. If he will pay the price, he can be the finest center in the league."

**Q. The defense, which ranked 14th in the nation, lost seven starters. Can that loss be made up?**

A. "We have the bodies, but we are shy on the experience. We have taken our better young players and put them on defense. Only time will tell. Livas, Duetemeyer and Fisher have switched over from offense to shore up problems. Moving Livas was the best thing we did all spring. He's found a home as a monsterback."

**Q. What personnel changes have you made in your offense or defense?**

A. "We moved Fred Sturt from tackle to guard on offense. Frank Allen came from defense to guard. Mike Larson came from tight end to guard. On defense, we shifted Rich Duetemeyer from middle guard to linebacker and got Livas from tailback to the monster position. Bill Fisher moved from split end to defensive end. Larran Meador also has gone from right to left tackle."

**Q. What has to happen for Bowling Green to have a real good football team?**

A. "We must eliminate the mistakes on offense and be a hair more aggressive on defense and improve team pursuit. Every player must also know who his quarterback is. I wish there was a course in our catalogue called 'Experience' so our players could take it."

**Q. What about your schedule?**

A. "The way it's lined up, it's terrible. If we do well early, we could have a great year. If we could reverse our schedule, I believe the league would have to worry about us."

**Q. How do you rate the Mid-American Conference race?**

A. "Toledo is the champion and is number one. Then it's a toss up between Ohio and Western Michigan and Miami. Kent has the makings of a strong football team. Bowling Green is the unknown quantity."

**Q. How do you rate your 1971 team by experience, depth, speed and enthusiasm?**

A. "We are short on experience. We will have excellent depth if the sophomores come along as expected. No question about it, our team speed has been vastly improved. We are quick or quicker at every position. And our attitude this spring was excellent."

## POSITION ANALYSIS

**QUARTERBACK**—Don Plusquellie has the experience. Soph Joe Babics is a magician of a ball handler. Soph Reid Lampert owns the best passing arm. But three into one won't go. So the spot remains a definite concern. Regardless of who wins the job, the position will be STRONGER in 1971.

**RUNNING BACKS**—Fullback Jerry Fields looked great this spring. He could still lose job to quick-stepping sophs in Jamie Henneberry and Phil Polak. Soph tailback Paul Miles lacks experience but has it all. Junior Dave Bower also ran well this spring. Falcons' running backs will be STRONGER in 1971.

**WIDE RECEIVERS**—Last year's top back, "Willie the Wisp" Pittman could lose his wingback job to speedy soph Tony Bell and that means nothing but trouble for opponents. Sophs Rick Newman and Roger Wallace also add more speed at split end with sure-hands Mark Pillar around for clutch catches. Speed makes for STRONGER receiving in 1971.

**TIGHT END**—Possibly the deepest position on the team where last year's starter, Mark Beach, is running third team behind sophs Greg Meczka and Brian Cross. Don't be surprised if Falcons employ two tight ends this fall. Position will be STRONGER.

**INTERIOR LINE**—Center Denny Maupin anchors an otherwise young and inexperienced line. Size will be OK at all spots. Tackle Tony Kijanko was a starter last season and should be better the second time around. John Czerwinski gives BG a pair of 240-pound tackles. The guards were a problem in the spring when Fred Sturt got hurt. Soph Bob Martin, outstanding freshman lineman, will move in at one guard. Depth is very questionable. Position appears WEAKER on paper.

**DEFENSIVE ENDS & TACKLES**—All-American Phil Villapiano is gone. Position has to be WEAKER on paper. Junior Bill Montrie and senior Larran Meador both could be all-league performers on left side of the line. Right side is a question mark although tackle Gary Zelonis is a steady performer who should make the MAC team before he graduates.

**MIDDLE GUARDS & LINEBACKERS**—The top three linebackers graduated and the search was on in the spring. Last year's starting middle guard, Rich Duetemeyer, will man one spot effectively as soon as he learns the position. Light-weight sophs John Villapiano and Tom Hall have great potential at the other backing area but will be green. Soph Dave Wolfe jumped from fourth to first team at middle guard. Positions appear WEAKER on paper.

**SECONDARY**—Three starters graduated. This year's patrol will be young and inexperienced except for senior Joe Keettle. The spring's biggest experiment was moving Julius Livas from tailback to monster. Initial reports label it a great success. Soph Myron Wilson has the tools to be a great back. Junior Gary Seemann should develop into a solid safety. Depth is a problem. Position appears WEAKER on paper.

**SPECIALISTS**—Stu Shestina is adequate on extra points and field goals from 30 yards. He also will handle the punting chores unless someone else materializes. Newman averaged 41 yards in high school. Falcons could use a long field goal kicker and a top quality punter. For returns, Pittman and Bell should be the best one-two punch in the MAC. Kicking game should be the SAME although needing improvement. Returns should be STRONGER.

## HEAD COACH DON NEHLEN

Don Nehlen, 35, moves into his fourth season as Bowling Green State University's head football coach with a 14-13-2 record after three seasons. He is Bowling Green's 11th head coach in its 52-year history of intercollegiate football. He is only the second, Doyt L. Perry, being the first, Bowling Green player to return to his alma mater as head coach.

Nehlen's first BG team compiled a 6-3-1 record and placed third in the MAC with a 3-2-1 mark. His second team was 6-4 overall and just missed defeating Toledo for the MAC title with a 4-1 record. In 1970, the Falcons slipped to 2-6-1 as Nehlen experienced his first losing season as a coach.

Nehlen's 13 years of coaching have been filled with success.

In 1958, he started his career as reserve football coach at Mansfield Senior High School. The next year found him appointed to the head coaching position at Canton South High School where his teams won 24, lost 11, and tied 2 in four seasons.

In 1963, he became backfield coach at the University of Cincinnati under Chuck Studley. The Bearcats were 6-4 and co-champs of the Missouri Valley Conference. Two of Nehlen's backs, QB Brig Owens (Redskins) and HB Al Nelson (Eagles) went on to play in the NFL.

The next season took Nehlen back to Canton as head coach at McKinley High School. The Bulldogs

promptly went 9-1 to finish second in the state to Massillon. Nehlen's five-year high school head coaching record stands at 33-12-2.

Nehlen returned to his alma mater in 1965 and became BG's defensive coordinator for three seasons under Coach Bob Gibson. His units yielded only 361 points in 28 games for an average of slightly under 13 points a game. His teams recorded six shutouts. The Falcons went 19-9-0 those three seasons and the 1965 team tied for the MAC championship.

A 1954 graduate of Canton Lincoln High School, Nehlen lettered for two years as a quarterback and landed all-city and all-county honors. He also earned a total of seven letters in basketball and baseball and was voted the outstanding athlete in Lincoln's graduating class.

As a quarterback for Bowling Green during the 1955, 1956 and 1957 seasons, Nehlen engineered the Falcons to a 21-2-4 record. The 1956 team won the MAC championship and the other two squads finished second. Nehlen won all-MAC second team honors in 1956 and 1957. He also played baseball for two seasons and was elected captain as a junior.

Nehlen was graduated from Bowling Green in 1958 with a bachelor of science degree in education. He earned his master's degree at Kent State in 1965.

He is married to the former Merry Ann Chopson. The Nehlen's have a son, Danny, 11, and a daughter, Vicky, 9 . . . Born in Canton, Ohio, 1-1-36.

#### FOE FACTS:

Enrollment—19,000; Colors—Green and White; Nickname—Bobcats; Location—Athens, Ohio 45701; Stadium—Peden Stadium (17,550); Director of Athletics—Bill Rohr; Head coach—Bill Hess (Ohio '47); Years and Record—14th Year (76-49-3); Assistant Coaches—Frank Richey, Bob Kappes, Frank Ellwood, Cliff Heffelfinger, Joe Dean, John Frick; Lettermen—Returning 32, Lost 13; Starters Returning—Offense 8, Defense 10; "All" Candidates—Bob Allen (SE), Bill Gary (TB), Al Benton (T), Larry Fields (DE), Jack LeVeck (LB), Rick Hawkins (DHB); Best Sophomores—Ed Bestvin (G), Scott Robinson (LB).

#### OUTLOOK:

The success of Ohio University's 1971 football team hinges upon finding a quarterback to lead an impressive number of returning veterans.

Coach Bill Hess has 32 letter winners returning and will be minus but four starters from last year's second place Mid-American Conference (3-2) entry that finished 4-5 overall.

Top offensive gun returning is the first man to ever gain more than 850 yards at Ohio University, tailback Bill Gary who rushed a record 265 times for 1064 yards in nine games, a 4.0 average. He finished 8th nationally in rushing with a per game average of 118.2 in nine games.

#### FOE FACTS:

Enrollment—10,500; Colors—Purple and Gold; Nickname—Pirates; Location—Greenville, N.C.; Stadium—Ficklen Stadium (20,000); Director of Athletics—Clarence Stasavich; Head Coach—Sonny Randle (Virginia '59); Years and Record—First Year (0-0-0); Assistant Coaches—Vito Ragazzo, Henry Trevathan, Dick Kupec, Carl Reese, Al Ferguson, Paul Weathersbee, George Whitley, George Rose; Lettermen—Returning 25, Lost 15; Starters Returning—Offense 7, Defense 5; "All" Candidates—Bill Wallace (FB), Carl Gordon (SE), Mike Kopp (G), Richard Peeler (DT), Monty Kiernan (LB); Best Sophomores—Carlester Crumpler (RB), Carl Summerell (QB); Greg Burke (DT), Rusty Markland (DB).

#### OUTLOOK:

If the Pirates can escape crippling injuries and thus by-pass a critical lack of depth, there is at least a 50-50 chance for East Carolina's first winning season since 1967. ECU's offense in 1971 should be stronger. At runningback both starters are back in the persons of Billy Wallace and Les Strayhorn. This fall they will be joined by supersoph Carlester Crumpler and this should give the Pirates the most potent ground game in the conference. The offensive line is loaded with experience, especially seniors Mike Kopp (guard), Grover Truslow (tackle) and Paul Haug (tackle).

#### OUTLOOK:

A strong nucleus of 34 returning lettermen and 17 regulars gives Western Michigan an optimistic outlook heading into the 1971 season. The 1970 Broncos won seven of ten games, including their last four straight, to equal the school's best record since an undefeated campaign in 1941.

Offensively, Coach Bill Doolittle's team ranked tenth nationally in rushing with 2,631 yards, setting a school record in that department, plus total yardage (3,740) and touchdowns (39).

Eight regulars are back for another year, including the entire line from tackle to tackle and quarterback Ted Grignon, who already owns WMU's career record for total offense (2,306) in just two seasons of play.

Smith; Head Coach—Jack Murphy (Heidelberg, 1954); Years and Record—First Year (0-0-0); Assistant Coaches—Dave Hardy, Dick Strahm, Roger Merb, Dan Simrell, Irv Wright, Chet Fair, Charlie Snyder; Lettermen—Returning 27, Lost 14; Starters Returning—Offense 7, Defense 7; "All" Candidates—Chuck Ealey (QB), Don Fair (E), Mel Long (DT); Best Sophomores—Doug Neuen-dorf (OT), George Keim (TB), Mike Osborne (DE), Dwight Saunders (DB).

#### OUTLOOK:

Toledo is ready, providing injury or academic ineligibility does not strike any of its key players, to tackle the challenge of becoming the first school in MAC history to win three straight championships. Fifteen seniors never have played in a losing college game. There are potential problems at the tackle positions, both offensively and defensively, at the running back spots, and with the kicking game. Strengths are a truly great passing attack and in the defensive backfield.

**OUTLOOK:**

The 1971 football season, from the beginning of spring practice to the final game in November, figures to provide an arduous, but yet exciting challenge to Head Football Coach Jack Lengyel and the “Young” Thundering Herd.

The “Young” Thundering Herd will be operating a brand new offense and defense during the 1971 campaign. The offense will feature the multi-attack triple option along with spread formation for the passing game. On the defensive ledger the “Young” Herd will use the 5-2 except when the situation demands otherwise.

Expected to lead the “Young” Thundering Herd's triple option attack this fall is sophomore quarterback David Walsh. Defensively, the “Young” Thundering Herd will be the strongest in the defensive secondary with the return of senior Nate Ruffin and junior Felix Jordan.

**OUTLOOK:**

It's just as well UT Arlington's principal color is blue since the 1971 football team already has something old, something new and something borrowed to go with the hue of the jerseys. Something old is a group of 29 returning lettermen including 13 who started five or more games in 1970. Something new applies to both players and coaches, starting at the top with new Head Coach John Symank. Something borrowed is the style of play, both offensive and defensive. Symank makes it no secret he'll use the same sets run by Green Bay during the Vince Lombardi years.

**OUTLOOK:**

Coach Dick Selcer, the second year mentor, will have twenty-nine lettermen back in camp this season, including an all-veteran offensive and defensive backfield, fine tackles both ways, and a good group of young receivers.

Paul Smith will be back to direct Xavier's new offensive attack, and Selcer feels the junior signal caller from Purcell will be much improved over a year ago, especially in the area of experience. Running back Ivy Williams is returning also, and after missing most of last season with an injury, the Florida Flash gave every indication in spring practice that 1971 will be his best ever season.

## **DICK YOUNG**

**Athletic Director**

At one time this spring, Bowling Green's new athletic director, Dick Young, was wearing five administrative "hats" as (1) athletic director (appointed April 1), (2) head baseball coach, (3) assistant professor of health and physical education, (4) administrative assistant to the athletic director, and (5) acting chairman of the men's health and physical education department.

He has since shed four of those duties to assume full responsibility for the future success of intercollegiate athletics at Bowling Green as the University's seventh athletic director.

**Dick Young**

As one can see, accepting and carrying out responsibilities are two of Young's strong points. Another is organization. And another is wanting to get the job done in a rapid but calculated method.

"I plan to do everything I can to get the finest athletes to attend Bowling Green. I believe our facilities and coaches are outstanding. We have the people and the potential to be the finest athletic department in the Midwest," Young said.

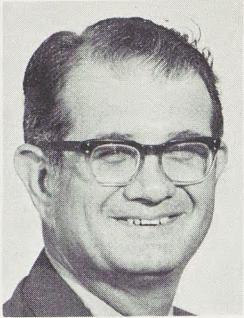

The background of Bowling Green's athletic director is as follows:

**EDUCATION:** Young was graduated from Upper Arlington High School in 1950 . . . He attended Denison University in 1951 before transferring to Ohio State. He was graduated cum laude with a B.S. degree in health and physical education from Ohio State in 1955. He continued his graduate work at OSU in 1955 until he entered the United States Navy as a lieutenant. He returned to Ohio State in 1958 and received his master's degree in education in 1959. He has also completed all academic course requirements for his doctorate degree in athletic administration at Bowling Green.

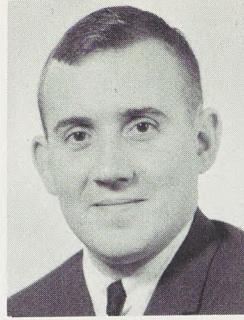

**PROFESSIONAL EXPERIENCE:** Young joined the Bowling Green coaching staff in 1959 as an assistant football coach and head baseball coach. His duties included coaching the freshman football team to a 31-7 record in eight seasons. He has also served as baseball coach since that time and from a standpoint of victories, he retired as Bowling Green's winningest active coach in his 12th year with an excellent 184-146-6 record. Only three teams have suffered losing seasons. He also served for the past two years in the athletic department as an administrative assistant to the athletic director. For the 1971 spring term, he was appointed acting chairman of the Health and Physical Education Department while Dr. Sam Cooper was on a leave of absence. Young has also authored several instructional articles on baseball and in 1970 was one of the featured speakers at the American Association of College Baseball Coaches meeting. As BGSU baseball coach, Young's experiment of having a fall instructional league for his players has been well received. Another successful venture is the annual winter baseball coaching clinic.

THE PAST

## 52 YEARS OF FOOTBALL

Few college football teams in the nation can match Bowling Green's excellent record on the gridiron in recent years and many would be more than happy with the 247-137-44 mark for a .625 winning percentage in 52 seasons. In fact, BG's percentage ranks 25th on the list of 118 major-college teams.

And how about the Falcons' outstanding record since the Modern Era began in 1937? In those 34 years, BG teams have had only eight losing seasons while rolling up a 191-93-20 record and a sparkling .672 winning percentage.

**In the last 15 years, only Alabama among major-college teams can better the mark of 110-33-7 and .769 percentage. And in the 1960's, the Falcons rolled in with a 71-22-2 total and a .758 percentage to rank fifth among major-college teams.**

A large portion of this BGSU record has been established by two coaches, Bob Whittaker and Doyt Perry. In 14 years, Whittaker compiled a 66-50-7 record while Perry rolled to a 77-10-5 mark in 10 campaigns.

Added to the Falcons' outstanding overall record is their excellent Mid-American Conference record in 18 years of action. Bowling Green joined the Conference in 1952 and during the past 18 seasons, the Falcons have established a 67-35-6 record while winning six titles and finishing second during four campaigns. Only Miami with eight crowns can claim more MAC championships than BG.

In Bowling Green's 52 years of competition, the Falcons have faced 71 different opponents with 11 coaches supervising the action.

The Falcons hold a winning record against 45 opponents with Miami's Redskins being the only MAC club to hold an edge.

Only three former Bowling Green coaches compiled losing records and the trio led the Falcons for a combined total of just 16 games.

Earl Kreiger, Al Snyder, Warren Steller, Harry Ockerman, Whittaker, Perry, Bob Gibson and Nehlen have enjoyed winning records. Whittaker coached the Falcons in the most games, 123, while Perry notched the most victories with 77. Perry (1956, 1958) and Steller (1928, 1930) each had two undefeated teams while Whittaker (1948) enjoyed one all-winning campaign.

### SILVER THREADS AMONG THE MAC

The Mid-American Athletic Conference will celebrate its "Silver Anniversary" in 1971-72 and the future looks bright for the league under the new leadership of Fred Jacoby, former commissioner of the Wisconsin State University Conference. Although reflecting on its past glories in its 25th year, the MAC should continue to be recognized as one of the country's outstanding athletic conferences.

While still relatively young when compared to some of the major athletic organizations in the nation, the MAC is rapidly becoming known as one of the "up and coming" leagues under the leadership of the six university presidents at Bowling Green, Kent State, Miami, Ohio, Toledo and Western Michigan. These six men heartily endorse the wholesome things for which college football stands, the very things which were saluted in 1947 when the league was formed.

Organized in the winter of the 1946-47 school year, the charter membership of the MAC included Butler, Cincinnati, Ohio, Wayne and Western Reserve.

In 1947, Wayne withdrew and Miami and Western Michigan were added. In 1950, Butler left and Toledo entered. Kent State and Bowling Green came in 1951 and the membership reached nine in 1952 when Marshall was accepted.

With league expansion expected to be a driving force of the 1970's, the MAC entered 1971 with six universities which was brought about when Cincinnati left in 1953, Western Reserve departed in 1955 and Marshall exited in 1969.

### COMMISSIONER FRED JACOBY

As the Mid-American Conference embarks on its second quarter century, the league's directional reins have been entrusted to a new Commissioner.

Fred Jacoby, 43, became the MAC's third chief executive on April 1, 1971. A native of Logan, Ohio, and a graduate of The Ohio State University, he brings a total of 23 years experience in the field of athletics to his new assignment.

Jacoby served as Commissioner of Athletics for the Wisconsin State University Conference for five years prior to accepting the MAC post. Before becoming an administrator, he compiled an impressive record as a high school and collegiate coach. He also was active in administrative work and as a basketball official on schoolboy and college ranks.

From 1958 to 1966, he was an assistant football coach at the University of Wisconsin. Badger eleven won a pair of Big Ten crowns and finished second once during this period. While at Wisconsin, he also coordinated the recruiting program and gained substantial experience in the area of grants-in-aid.

As a high school football coach,

Jacoby compiled an overall record of 63 wins, 13 losses at three schools—Bremen (Ohio) High, Washington Court House (Ohio) High and Madison West (Wis.) High. Individual records, in order, were 24-3, 9-0 and 30-10. His final Madison West squad in 1957 registered the first un-un season in school history.

Known for his organizational ability, Jacoby also is a determined, highly disciplined individual. Best illustration of these qualities may be traced back to his undergraduate days with the Scarlet and Gray. His dreams of football stardom were shattered by an injury in his freshman year that ended his playing days but Jacoby stayed on at Ohio State to prepare for a coaching career by obtaining a bachelor's degree in physical education (1948).

In 1953, he added a master's degree from the University of Wisconsin.

Since assuming his new position, Jacoby has made expansion his No. 1 priority. The MAC Commissioner and his wife, Marcia, have three sons—Tom, Robert and Steve. The Jacobys live in Upper Arlington, a Columbus suburb.

## BOWLING GREEN STATE UNIVERSITY

"Tomorrow's Athletics For Today's Athletes" is the motto of Bowling Green State University's Athletic Department—an objective much in keeping with the overall goals of this fine, midwestern University.

A casual visitor to the main campus learns a great deal about Bowling Green State University from its physical features. Ultra-modern classroom facilities, spacious residence halls, and a stunning new athletic complex point toward progress and potential, while stately, ivy-covered halls reflect past tradition and success.

Bowling Green is committed to providing a friendly, yet academically stimulating climate for the physical and mental development of its students. There is at Bowling Green—on its campus, in its academic halls, and on its athletic fields—a powerful commitment to excellence of education, personal integrity, and freedom to achieve.

This has been the key to the University's academic and athletic success, and is its prospect for continued excellence in the future.

Bowling Green State University is situated on a 1,000 acre campus in Bowling Green, Ohio, 23 miles south of Toledo and 15 miles south of the Ohio Turnpike. The University also provides two-year academic centers in four northwestern Ohio communities. Total enrollment is now approaching the 15,000 mark, and has been steadily increasing since the school's founding in 1910.

Courses of instruction at Bowling Green lead to degrees through the Colleges of Arts & Sciences, Business Administration, Education, and The Graduate School. The academic year is divided into three quarters of approximately 11 weeks each, along with a regular summer quarter.

Firm and dynamic leadership has been a tradition at Bowling Green through the tenures of seven University presidents. The seventh, Dr. Hollis A. Moore, assumed his duties in July, 1970, succeeding Dr. William Travers Jerome III. Dr. Moore was formerly vice president of academic affairs at George Peabody College in Nashville, Tennessee.

In commenting on his new appointment, which came at a time of considerable campus unrest throughout the country, Dr. Moore stated, "I feel there is an excellent background here for communication between students, faculty and administration; all of which leads me to have an obvious optimism about Bowling Green and its future."

If past success and development is an omen of things to come, then Bowling Green's future is bright, indeed. The past decade marked the University's period of most rapid growth, as evidenced by its changing physical appearance.

Perhaps most impressive of the buildings recently completed is the nine-story university library, which has a total capacity of 640,000 volumes, terraced grounds, reading lounges, study carrels and seminar rooms. Other new facilities include a science-research complex, education-general classroom building, student medical center, student services building, and ultra-modern athletic complex.

Intercollegiate athletics and Bowling Green have been exciting and rewarding partners for many years. The University's athletic program has also expanded and matured in the past decade, and now embraces a total of 12 varsity sports. A member of the Mid-American Conference since 1952, Bowling Green has been a front-runner in competitive success and physical expansion.

Located on the eastern edge of the Bowling Green campus is one of the newest and finest athletic plants in the country. Built at a cost of over \$6 million, the area now contains a 23,000-seat football stadium, 3,500-seat ice arena, all-weather track, baseball stadium, all-weather tennis courts, ski-area, championship golf course, soccer field and lake. The area also provides practice facilities for all Falcon outdoor sports, plus physical education, intramural, and community sports activity.

Throughout the years, Bowling Green has established many athletic traditions, including the tradition of winning. In the past decade, Bowling Green has compiled an all sports winning percentage of .622. Of the 12 intercollegiate sports, two of which were added in 1965 and one in 1969, 11 had records of .600 or better.

Bowling Green's winning tradition also shows in the classroom. In the past 20 years, over 90 per cent of all scholar-athletes entering Bowling Green have graduated—a record significantly higher than the national average.

Other traditions include the nickname "Falcons", carried by all Bowling Green athletic teams, and the school colors of burnt orange and seal brown. There is the mysterious spirit organization, Sic, Sic, Homecoming Day, Dad's Day, migrations to other Universities, the Alpha Tau Omega victory bell, carried to all football games, and the school's mascot, Freddie Falcon.

Math Science Building

A unique and outstanding feature of Bowling Green's current athletic program is depth and overall balance. All twelve varsity sports have been successful in their own right, and collectively offer a broad opportunity of participation to the student-athlete. A sketch of these sports, their history and current status, follows:

**Football**—Bowling Green is well known for its traditional football excellence. During the 1958-68 decade, the Falcons boasted a winning percentage of .793, ranking second among 113 major college teams in the country. The Falcons have won six Mid-American Conference championships since joining the league in 1952, and only twice have finished lower than third. Bowling Green won the NCAA College Division championship in 1959 on the merits of a perfect 9-0 season. (The Falcons received NCAA University Division status in 1961.) Head coach Don Nehlen and his staff have the current football program well in hand.

**Basketball**—For many years the Falcons have produced some of the finest and most widely recognized basketball teams in the country. Post-season major college tournaments have been especially significant in gaining deserved national recognition. Bowling Green cagers have appeared six times in the NIT tourney in New York, and four times in the NCAA tournament. The Falcons have produced nine basketball All-Americans, and won four MAC titles. Coach Pat Haley currently handles a Falcon cage program rich in tradition and winning success.

**Hockey**—Ice hockey became Bowling Green's newest varsity sport in 1969, and has rapidly captured the fancy of Falcon fans. The University's spanking new ice arena is one of the best of its kind in the country, and coach Jack Vivian's icers are making it a "winning" arena already, while competing with the nation's finest teams.

Doyt Perry

Sam Cooper

**Cross Country**—1969 was a banner year for Bowling Green harriers, as they streaked to the school's first MAC title. Distance ace Sid Sink copped the league's individual crown, and finished 12th in the NCAA Championships. In 1970, the Falcons finished 8th in the NCAA. Coach Mel Brodt welcomes the return of his veteran unit for further plaudits in 1971.

**Soccer**—Added to the Falcons' varsity itinerary in 1965, soccer is now firmly established as another Bowling Green "winner". The 1969 squad posted a 7-3 overall record, and coach Mickey Cochrane was named Ohio Soccer Coach of the Year.

**Swimming**—Swimming has enjoyed a long and successful reign at Bowling Green (the Falcons won five straight MAC crowns from 1956-1960) and the natatorium still rings with past record-breaking perform-

ances. Coach Tom Stubbs now looks forward to establishing new records in a new facility—one which should make a fine swimming program even better.

**Wrestling**—Bowling Green has a long-formed winning habit on the mats, compiling a string of 16 consecutive winning seasons beginning in 1954. During that span, the team won three MAC titles and produced 15 individual champions. Veteran coach Bruce Bellard is reason enough to expect continued wrestling success.

**Track and Field**—Bowling Green's track and field program is built around Robert H. Whittaker Track, a nine-lane, Tartan oval complete with permanent seats, enclosed press box, and special facilities for field events. The Falcons currently boast two of the nation's finest runners in Sid Sink and Dave Wottle. Sink is a seven-time All-American and the NCAA's 1970 and 1971 steeplechase champion. Wottle, a returning junior, gained All-American plaudits by finishing second in the mile run at the 1970 NCAA Championships.

**Baseball**—The Bowling Green baseball program has taken great strides over the past decade and now ranks as a leader in the baseball-strong midwest. Don Purvis will be BG's new coach in 1972.

**Lacrosse**—Another 1965 addition to the Falcon varsity program, Bowling Green lacrosse has gained prominence in the midwest and nationwide. Coach Mickey Cochrane is duly proud of his teams' 28-4 overall record in the past three years, along with five All-Americans, perfect 9-0 season and number six national ranking in 1970.

**Tennis**—Falcon home tennis matches are now played on 16 new Grasstex and Laykold courts—facilities which do justice to the caliber of Falcon play. Youthful coach Bob Gill heads up the net program and is hungry for his first MAC championship.

**Golf**—Bowling Green recorded another MAC "first" by completing its own full-length, championship golf course on campus soil. Coach John Piper is proud to take on Falcon foes on the beautiful and treacherous 3,577 yard, nine-hole layout.

**Club Sports**—Bowling Green is proud to endorse and offer its fine facilities to a number of teams competing on a "club" basis. Teams of this nature include rugby, water polo, sailing, gymnastics, cricket, fencing, and volleyball.

**Intramurals**—The University also offers an extensive intramural sports program for men and women. Mr. Maurice Sandy is in charge of the program, which offers 30 sports opportunities for men, 15 for women, and nine on a coeducational basis.

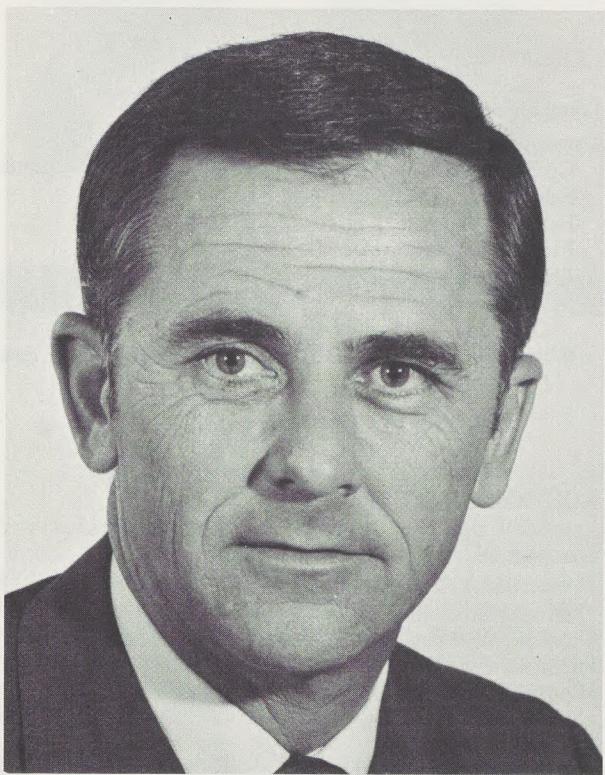

In addition to a wide offering of intercollegiate and recreational sports, Bowling Green proudly embraces one of the nation's finest departments of health and physical education. Under the able leadership of Dr. Sam Cooper, the department combines elements of academic theory and physical experience to meet the demands of contemporary education on the University level. An extensive HPE Departmental program is also offered for women.

This then, is a capsule summary of Bowling Green State University and its athletic program.

"Tomorrow's Athletics For Today's Athletes" is not only the motto at Bowling Green, but more important, a statement of current reality.

Keeping that reality in force and projecting it to the future is the true challenge of Bowling Green's athletic program, and one which its instructors, administrators, and coaches are committed to achieve.

## PRESIDENT HOLLIS A. MOORE

Dr. Hollis A. Moore became the seventh president of Bowling Green State University in July, 1970, and almost immediately ordered a brown blazer and burnt-orange slacks.

That school-colored suit, which now includes a Falcon crest, is rapidly becoming a tradition at Bowling Green athletic contests as the University's chief administrator enjoys his position as being both a friend and supporter of BG's successful intercollegiate athletic program.

Dr. Moore has always liked individual sports such as swimming, tennis, golf and water skiing. But his avid interest in athletics didn't develop until his two sons came along.

"We began looking for something we could do together as a family, like ice skating. Sports help keep a family together and college sports have a carryover value into a lifelong interest," he said.

Prior to coming to Bowling Green, the Missouri native was vice president of academic affairs at George Peabody College, Nashville, Tenn.

A varied background as a teacher, administrator, lecturer, writer, consultant and scholar has equipped Dr. Moore with a very real knowledge of the mounting challenges and issues facing higher education in the 1970's.

He is a 1946 graduate of Baylor University where he studied history and political science. He earned his doctoral degree from the University of Texas in 1953.

His educational career began in 1949 in Austin (Tex.) Public School system where he taught social studies and was dean of boys. Three years later he moved into the publishing business as associate editor

of "The Nation's Schools," a position he held until 1955 when he was appointed executive secretary for the Committee for the Advancement of School Administration in Washington D. C., a W. K. Kellogg Foundation project.

From 1960-64 he was dean of the College of Education at the University of Arizona, during which time he supervised the revision of the college's curriculum.

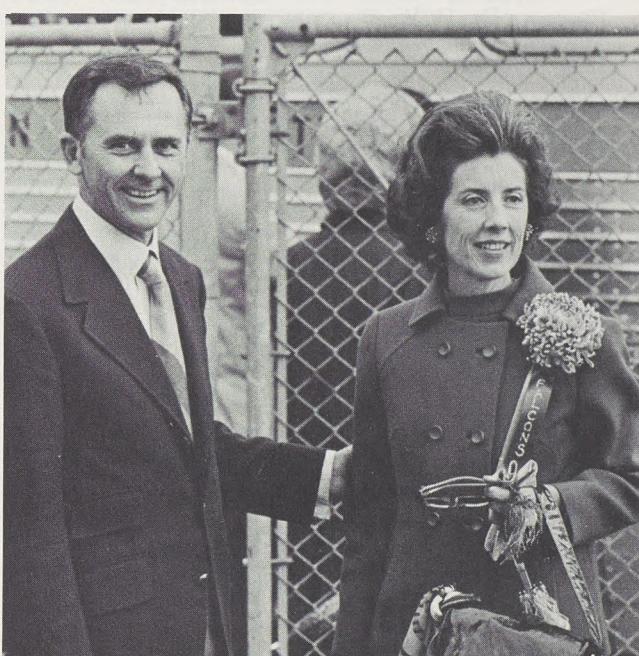

Dr. Moore was named director of the division of education at the W. K. Kellogg Foundation, Battle Creek, Mich., in 1964. There he initiated the planning and grant for the New England Center for Continuing Education, a cooperative venture of six state universities in New England for the development of common programs in the area of adult continuing education.

Active in professional affairs, Dr. Moore has been called upon to serve as a consultant on research and demonstration for the U. S. Office of Education and for the Department of State's Bureau of Cultural Affairs. He was also a consultant for American Child Centers.

In Sept., 1970, Dr. Moore was named special consultant to the New York Commission on Long-Range Planning for the State University, which is doing an extensive study of the future of higher education in that state.

Among the president's publications is a book he co-authored entitled **The Administrative Team and Long-Range Planning**, published at the University of Georgia in 1967.

He and his wife, Marian, have a number of civic interests including music and art. The Moores have two sons, Andrew, an ensign in the United States Navy, and Michael, a sophomore at Northwestern University. Dr. Moore was born in Pierce City, Missouri, April 3, 1923.

## "HALEY'S COMETS"

### BASKETBALL OUTLOOK

There's a basketball renaissance in the planning stages at Bowling Green with first-year coach Pat Haley determined to rebuild the Falcons into a cage power similar to the Nate Thurmond-Howard Komives championship teams of the early 1960's on which he was a starting guard.

The 30-year-old coach immediately went out and recruited what could develop into the best freshman team in BG history. But unless the NCAA grants instant eligibility for freshmen, the 1971-72 Falcons face a rebuilding year after posting a 7-18 chart last season.

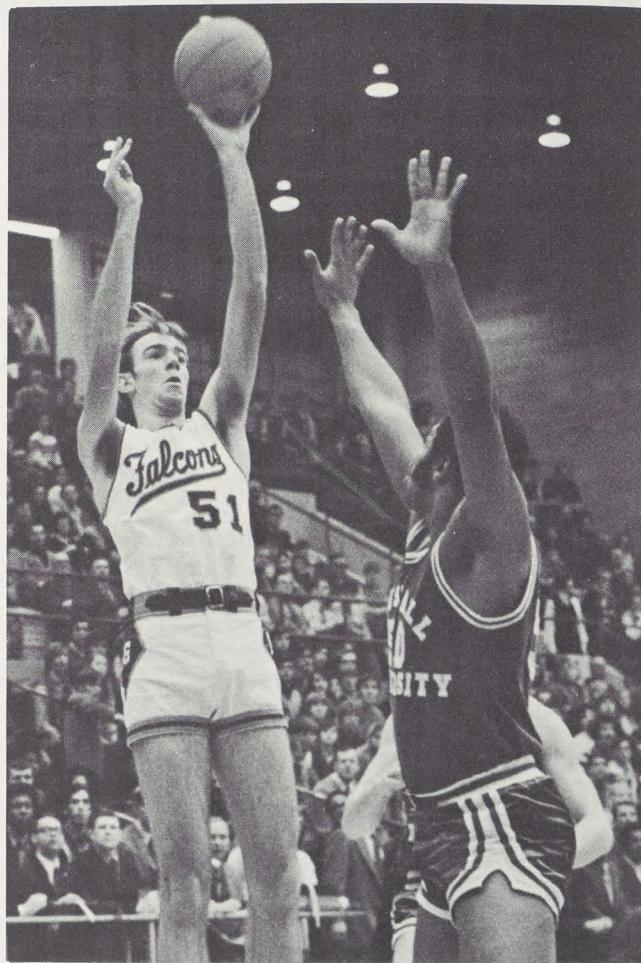

This year's team will lack an established center and seniors with only sophomores and juniors listed on the roster. Top scorer Rich Walker (20.1) and rebounder Jim Connally (13.8) have departed. Key returnees among the seven junior lettermen (who were 12-2 and 7-0 in MAC play as freshmen) are 6-5 forward Dalynn Badenhop, who averaged 8.9 points as a part-time starter and has the potential to be one of the league's best cornermen, and 6-3 guard Jeff Lessig, who averaged six points a game in a similar role. Two 6-6 forwards, Le Henson (8.5) and Tom Scott (4.4), add size and bulk to the rebounding cause. Shooter Jack Wissman, 6-4 guard, is the top prospect from an 8-6 freshman team which had its moments with wins over Dayton and Michigan.
